Food Service & Retail

Our products have been conceived to satisfy any needs in terms of space and yield required by any kind of business model.
The Z1 Nature is the most compact juicer within Zummo's line. It has been conceived to provide the most efficient and profitable solution for those businesses having a very limited space and registering less than 30 glasses per day of output.

The Z40 Nature is the perfect juicer to satisfy the needs from the mass catering industry and large retail outlets. Up to 40 fruits per minute can be squeezed, which enables to have a large amount of juice in a very short time. Typical peaks in demand registered by these businesses can be handled with the Z40 juicer.
